VETO OF SENATE BILL NO. 12.

Commonwealth of Pennsylvania,
Governor's Office, Harrisburg, April 1, 1931.

To the Honorable, the Senate of the Commonwealth of Pennsylvania:

I return herewith, without my approval, Senate Bill No. 12, Printer's No. 45, entitled, "An Act to amend section one of the act approved the seventeenth day of May one thousand nine hundred twenty-nine (Pamphlet Laws one thousand seven hundred ninety-eight) entitled 'An act providing a fixed charge payable by the Commonwealth on lands acquired by the State and the Federal Government for forest reserves or for the purpose of preserving and perpetuating a portion of the original forests of Pennsylvania and preserving and maintaining the same as public places and parks and the distribution of the same for county school township and road purposes in the counties school districts and townships where such forests are located and making an appropriation' increasing the amount of said charges for county and school purposes."

The amendment proposed by this bill would increase the charge payable by the Commonwealth on State and Federal forest lands for county purposes from one (1) to two (2) cents per acre and for school purposes from two (2) to four (4) cents per acre. I am informed that it would involve an increase in State expenditures for these purposes amounting in total to one hundred twenty-two thousand dollars ($122,000) during the next biennium.

This increase was not contemplated in preparing the budget of the Department of Forests and Waters and could not be met without increasing the appropriation to that Department by the sum named. Under the present financial stringency I do not feel warranted in approving an increase in the budget for the purposes of this bill in the amount stated.

I appreciate the present needs of counties and school districts, but for the reasons I have stated I am reluctantly obliged to withhold my approval.

GIFFORD PINCHOT.

On the question,

Shall the bill pass the objections of the Governor to the contrary notwithstanding.

BILL POSTPONED

Mr. BALDWIN. Mr. President, I move that the question, together with the further consideration of the bill, be postponed for the present.

Mr. EARNEST. Mr. President, I second the motion.

MOTION TO RECOMMIT

Mr. WOODWARD. Mr. President, I move that the bill be recommitted to the Committee on Pensions and Gratuities.

Mr. BALDWIN. Mr. President, I second the motion.

On the question,

Will the Senate agree to the motion?

Mr. WOODWARD. In moving to recommit this bill I realize I am not the sponsor of the bill, and therefore am in danger of speaking against Senatorial courtesy; and ask unanimous consent to explain my position, for about two minutes.

The motion is to recommit the joint resolution to the Committee on Pensions and Gratuities, and in explaining the somewhat complicated situation I do not want to make any argument to the Senate but want simply to offer a letter dated April 6th from the Mothers' Assistance Fund of Philadelphia County.

The Trustees of the Mothers' Assistance Fund of Philadelphia County were not informed of the action of the Committee on Pensions and Gratuities until the bill had been reported out of committee, and they are very anxious to submit a brief against the proposed linking together in this joint resolution of the Old Age Pension with the Mothers' Assistance Fund.

They may be wrong, of course. All I am asking of the Senate is the courtesy of giving these women a hearing, by recommitting this bill to the Committee on Pensions and

Gratuities. I have been to see Senator Harris, but, unfortunately, the Senator from Allegheny does not wish the bill to be recommitted.

All I ask is twenty-four hours, to do these women the courtesy of listening to their objection to linking up two subjects which they think are not alike; and I hope the Senate will at least grant that courtesy, by recommitting this bill for a hearing and amendment.

Mr. HARRIS. Mr. President, I strongly object to any delay in action on this resolution. There have been two meetings of the Committee on Pensions and Gratuities. At one of these meetings—

Mr. FREEMAN. Mr. President, I rise to a point of order.

The **PRESIDENT.** The Senator from Lebanon, Mr. Freeman, will state his point of order.

Mr. FREEMAN. Mr. President, my point of order is that a motion to recommit is not debatable.

The **PRESIDENT.** The point of order of the Senator from Lebanon, Mr. Freeman, is well taken.

QUESTION OF PERSONAL PRIVILEGE

Mr. HARRIS. Mr. President, I rise to a point of personal privilege.

Mr. HARRIS. Mr. President, at two meetings of the Committee on Pensions and Gratuities this resolution was discussed very thoroughly. At the second meeting we had the advice and counsel of the Attorney General, and the very objection this organization of women raise was gone into very, very thoroughly.

I have been a member of the Mothers' Pension League of Allegheny County since 1913. I was County Treasurer when this bill was enacted into a law, and had the very great privilege of signing the first check awarded to a widowed mother.

I have been an active member of that league all these years, and I am now a member of the State-wide Committee on Mothers' Assistance. I have been instructed by the president of that organization to proceed with this bill. That was done after numerous conferences with the Attorney General, and the combination of these two bills was not at the request of anybody in particular; it was the only legal way to do this, and we were so advised.

With your permission, Mr. President, I will read you a letter from the Attorney General:

"You have asked me to state in writing my reasons for including mothers' assistance in the constitutional amendment proposed by Senate Bill No. 358, which I prepared. I take pleasure in complying with your request.

"If Article III, Section 18, of the Constitution were to be amended so as to sanction specifically appropriations for old age pensions while prohibiting all other appropriations to persons or communities for charitable, educational, or benevolent purposes, I should be very fearful that the courts would be obliged to say that mothers' assistance appropriations were unconstitutional. This would be a most unfortunate result.

"By including mothers' assistance in the bill, it is perfectly clear:

"First, that if the people approve at the polls the proposed amendment, appropriations both for old age pensions and for mothers' assistance will be constitutional; and

"Second, that if the people defeat the proposed amendment at the polls, the legality of mothers' assistance appropriations will not have been affected in any way at all.

"Under the circumstances I am strongly of the opinion that it would be extremely dangerous to amend the bill by striking out therein the reference to mothers' assistance."

Now, I speak against this motion, but at the same time I offer Senator Woodward what I think is extreme courtesy: If this bill is passed by this body and goes to the committee of the House, I will take full responsibility for my actions and explain to the women thoroughly; and I feel confident I can satisfy them that I was the cause.

I will also state this: That if this bill is passed here today I will appear before the Committee on Pensions and Gratuities of the House, and if, on further conference, the Attorney General can be convinced that these bills can be separated, I will recommend the amendment.

I strongly urge, gentlemen, that no further delay be had, and that we take action on this bill today.

Mr. President, may I add, that I will also arrange for a hearing in the House, if they so desire?

Mr. WOODWARD. Mr. President, I call for the "ayes" and "nays" on this bill today.

And the question recurring,

Will the Senate agree to the motion?

The yeas and nays were required by Mr. WOODWARD and Mr. BALDWIN, and were as follows, viz:

YEAS—9.

Baldwin,
Buckman,
Clark,
Clippinger,

The SPEAKER (C. J. Goodnough) in the Chair.

PRAYER

The Chaplain, Rev. O. B. Poulson, offered the following prayer:

Our Father, God, we thank Thee for the light of another day. While all about us the opening buds, the springing grass, the sure promise of another seed time and harvest, all testify to Thy bountiful goodness, may we—the crown of Thy creation—rejoice to still remember that Thou art the Resurection and the Life.

Thy servant in the long ago, in his endeavor to search out and to discover the "Chief Good" in life, walked the pathways of mirth; builded himself great houses; planted vineyards, gathered about him servants; gathered also silver and gold. Then suddenly remembered that he should one day leave all these to another. Crying out at the thought, "And who knoweth whether he shall be a wise man or a fool?" We bless Thee for his wise conclusion—"Fear God; and keep His commandments; for this is the whole duty of man." Give us grace to remember that the chief end of man is still to serve God in life and enjoy Him throughout eternity.

May wise inspirations from Thee be this day transformed into worthy deeds. May the still, small voice of an honest Conscience be our compass and chart. And when at last the day's work is done, may we have that peace that comes to those whose task is well done. We ask it in Thy name, Amen.

JOURNAL APPROVED

The SPEAKER. The Clerk will read the Journal of the proceedings of Wednesday, April 1, 1931.

RESOLUTION

REQUESTING INFORMATION FROM GOVERNOR PINCHOT

Mr. SARIG offered the following resolution, which was twice read and laid over under the rules.

In the House of Representatives, April 7, 1931.

Wehereas, during the recent gubernatorial campaign, the present Governor promised the people of this state to take over 20,000 miles of township roads and to "lift the farmer out of the mud" without any increase in taxation, and

Whereas, in said campaign the said Governor further promised to "lift the farmer out of the mud" and to lower taxation by reducing the registration fees for motor vehicles, and also the fees for drivers' licenses, and

Whereas, said promises were unqualified and unequivocal and contained no reference to the removal of township reward money, state-aid money, the excepting of bridges and drainage devices, and the invitation to the township to assist in building said state roads as now advocated by the said Governor, and

Whereas, when the absurdity and the impossibility of fulfillment of such unqualified promises were brought to his attention during his campaign last Fall the said Governor declared that he was in possession of certain reliable information and data which justified the making of such unqualified promises, and

Whereas, no mention was made in said promises of handling said 20,000 miles of roads over to future administrations for building and for "lifting the farmer out of the mud" the promises always being "I propose to lift the farmer out of the mud," and

Whereas, the people of this state now expect and have a right to expect, that said unqualified promises be carried out, and

Whereas, the administration has already back-tracked by adding qualifications, by alibis, and by "passing the buck" to the Legislature, and

Whereas, such "buck passing" is cruelly unjust and brutally unfair to the members of the Legislature who are in no way responsible for the making of such grandiose and impossible promises, and

Whereas, no such reliable data or information mentioned aforesaid, has ever been submitted to the Legislature by the said Governor

Therefore, Be It Resolved, (if the Senate concur) that this General Assembly requests that the Governor forthwith submit to it the reliable data or information on which said unqualified promises were based, and

Be It Further Resolved, that the said Governor state clearly and explicitly whether he still favors the tax reductions above named, and whether he is still opposed to all increases in taxation, and what tax increases, if any, he recommends, and

Be It Further Resolved, that a copy of this resolution be sent to the Governor for his immediate consideration.
